

**Service Learning: Social Participation & Development:**

Available to all EZC students at UCV, this option provides field experience with community service agencies, educational organizations and NGOs.

Students work a minimum of five hours per week (more hours can be easily arranged based on need/student motivation) under the direction of a professional supervisor in the sponsoring organization. In addition, the student will meet regularly with a faculty mentor to prepare one or several written reports during and/or at the end of the internship experience. Through its Office of Social Action, UCV partners with a diverse, extensive network of community organizations.

**Teacher Training/Education:**

EZC students at UCV have the opportunity to hone their teaching skills in nursery, primary and secondary schools throughout the city of Valencia. Teaching placements can be personalized based on the particular interests and language skills of each individual student. Limited availability.

**Internship Program in Health and Medicine:**

The UCV's own Clinicas Universitarias are fully accredited by the Regional Department of Health and afford qualified students the opportunity to gain first-hand experience in the fields of Sports Medicine, Dentistry, Psychology, Occupational Therapy, Physiotherapy, Speech Therapy, and Podiatry. Additional internship opportunities can be arranged in area hospitals, public health agencies, research organizations, and health advocacy groups. Students work a minimum of ten hours per week under the direction of a professional supervisor in the sponsoring organization. In addition, the student will meet periodically with a faculty member to prepare a significant written report at the end of the internship.

Only students with a minimum 2.9 GPA, as well as the requisite language skills for their chosen placement, will be eligible. Limited availability.

**Business Internships:**

Qualified students (minimum 2.9 GPA & required language skills) with a demonstrated interest in Business and/or Economics are eligible to apply for an internship in a professional business firm. EZC interns work a minimum of ten hours per week under the supervision of a professional supervisor in the sponsoring organization. Each student must also meet regularly with a UCV faculty mentor to prepare a significant written report at the end of the internship.

**Internship Program in Marine Science:**

Highly qualified students may be eligible to pursue an internship in the UCV Marine Science Program. Located steps away from Europe's largest aquarium and the Mediterranean Sea, unique opportunities for marine research abound at the UCV.
